INITIAL (____)

The Applicant hereby agrees to the following terms and conditions and verifies the accuracy of the information contained herein above:

1. The Applicant shall install a totalizing flow meter to measure the quantity of water flowing from Applicant's water structure (well) or to measure water flowing into Applicant's water structure (pond). A written confirmation of such water flow shall be furnished to the Upper Arkansas Water Activity Enterprise (UAWAE) upon demand and not less frequently than annually at UAWAE office, 339 E. Hwy 50, Salida, Colorado.

2. Applicant shall pay to UAWAE at its office in Salida, Colorado, annually, an amount of \$150.00 per unit as the annual storage and maintenance fee. Such fee is due and shall be paid on or before March 15th of each year. UAWAE has the right and authority to increase or decrease such annual storage and maintenance fee upon ninety (90) days prior written notice to Applicant at Applicant's address herein, or such other address as Applicant may advise UAWAE in writing. UAWAE may withhold the delivery of water for Applicant for any defaults or delinquencies of payment. The right of the Applicant to use water pursuant to this agreement shall be subject to permanent forfeiture for failure to pay fees, installments, or assessments that from time to time may become due or upon default or failure to comply with this agreement. UAWAE's Board may declare such forfeiture to UAWAE and may resell, lease, or otherwise dispose of the water or right to use water upon which forfeiture has been declared, after making demand for the amount due either in person or by written or printed notice duly mailed to the last known address of Applicant at least thirty days prior to the time the forfeiture is to take effect. Notice will be given to the County, the State Engineer and the Division of Water Resources, that such right to use water pursuant to this agreement has been forfeited and/or that the delivery of water has been withheld. All remedies herein or elsewhere provided for the collection of delinquencies shall be cumulative, and the exercise of one or more of such remedies shall not prevent UAWAE from invoking other remedies provided by law.

3. Applicant, upon transfer of the real property to which the water right is beneficially applied, shall pay all fees and charges owed to UAWAE within 60 days of such transfer, and notify UAWAE in writing of the ownership transfer. Upon payment of said fees and charges, Applicant may assign the right to use the augmentation water only to a successive owner of real property and water structure described above. Applicant must notify UAWAE of any such assignment and provide UAWAE with a copy of an assignment and assumption of rights and obligations within 60 days of such assignment. If full assignment and assumption of Applicant's rights and obligations related to the use of such water is not made upon the transfer of such real property and water structure, all rights and obligations of all parties related to the provision of such augmentation water shall immediately terminate without further notice.

4. UAWAE shall provide the augmentation water so applied for only upon approval of this application by UAWAE.

These provisions shall be binding upon the heirs, legal representatives and assigns of the Applicant.
